

## PADI/DSAT TEC DEEP

4 days

Costs include:  
Extra costs:

Manual, Certification, Gas mixes, Boat trips  
Equipment

---

## COURSE STANDARDS AND OVERVIEW

The DSAT Tec Deep Diver course takes you past recreational diving and immerses you in the world of technical diving. It's the logical continuation of the Apprentice Tec Diver course.

After successful completion of the DSAT Tec Deep Diver course you'll be able to conduct gas-switch extended no-decompression dives, decompression dives and accelerated decompression dives using air and enriched air to a depth of 50 metres/165 feet. You'll also understand the hazards and risks involved in technical diving, as well as how to prepare for and handle reasonable foreseeable technical diving emergencies.

## Prerequisites

To qualify for the DSAT Tec Deep course, an individual must:

**1. Be certified as a PADI Rescue Diver\*, PADI EANx Diver\* and PADI Deep Diver\* with 100 logged dives out of which 20 on EANx and 25 dives deeper than 18msw (60fsw) and at least 15 dives deeper than 30msw (90fsw) and DSAT Tec Level 1.**

**\* or have a qualifying certification from another training organization.**

**2. Be 18 years of age or older.**
